

## PRESS RELEASE

### Reuters/Ipsos Poll: Trump Taxes and Financial Records

#### About the Study

These are some of the findings of an Ipsos poll conducted between September 28-29, 2020 on behalf of Thomson Reuters. For this survey, a sample of 1,005 Americans age 18+ from the continental U.S., Alaska and Hawaii were interviewed online in English. The sample includes 412 Democrats, 414 Republicans and 108 independents. Weighting was then employed to balance demographics to ensure that the sample's composition reflects that of the adult population according to Census data and to provide results intended to approximate the sample universe. The precision of Ipsos online polls is measured using a credibility interval. In this case, the poll is accurate to within  $\pm 3.5$  percentage points, 19 times out of 20, had all Americans been polled. The credibility interval will be wider among subsets of the population. All sample surveys and polls may be subject to other sources of error, including, but not limited to coverage error, and measurement error. The poll also has a credibility interval  $\pm 5.5$  percentage points for Democrats,  $\pm 5.5$  percentage points for Republicans, and  $\pm 10.8$  percentage points for independents.

For full results, please refer to the following annotated questionnaire.

## PRESS RELEASE

		All Respondents	Democrats	Republicans	Independents
With which political party do you most identify? Detailed	Democrat	43%	100%	0%	0%
